Dr. David H. Adams, MD
Chairman of the Department of Thoracic Surgery
Mount Sinai Medical Center
The Guggenheim Pavilion
1190 Fifth Avenue- 2nd Floor.-Suite 2 West
New York, NY 10029

Dear Dr. Adams,

On August 28th, it will be one year since you replaced my aortic valve. I am happy to report that if it wasn't for your skill that I, probably, would not still be looking at the grass from the green side.

My recovery has been 100%. And, I have resumed all my physical activities. Although, I still either slice the ball or hook it on occasion. I was hoping that you could have tweaked something to correct my golf game, but, I guess, you can't have everything.

During my stay at Mt. Sinai, your colleagues and staff were most professional, attentive and accommodating to me. Please thank them for me.

And, lastly, thank you for using your great skill and talent on me. I will never forget it or you for giving me the past year, and. God willing. many more.

Warmest regards,

Kevin [REDACTED]
