Dear Doctors Adams and Anyanwu,

Today is just a week from my surgery and I have been home for a day and a half with little pain and an echocardiogram that looks like a perfect 10. I find that amazing and am highly respectful of your skills and your efforts on my behalf. Deep thanks from me and all my family.

The team in ICU and Stepdown were excellent. I was not in a position to remember all the names but in ICU CC (Corezon), and Jason; on the seventh floor West Jean, Nicole, Jocelyn, Latryla (spelling in question). I am sure there are others that I have omitted and deeply regret as all were excellent.

Again thanks. I will see you October 14th at 9:30AM.

Sincerely yours,

Robert G. A
