

The world is a better, brighter
place due to your expertise, dedication,
and caring.
I wish you every happiness...

Year
J. Adams,

Warmest wishes
for a holiday that's happy
and a bright new year.

In September of ~~this~~ year I had the
good fortune to have had you as my surgeon.
You performed a mitral valve repair, as
well as a tricuspid valve repair, as
I had been prepared by my doctors to
expect a replacement. When I was told
you had repaired the valves, I couldn't
believe it. You gave me a "gift" greater
than I could have hoped for.
I will NEVER forget you and
will be forever grateful
that our paths
crossed.
