

Dear Dr. Adams

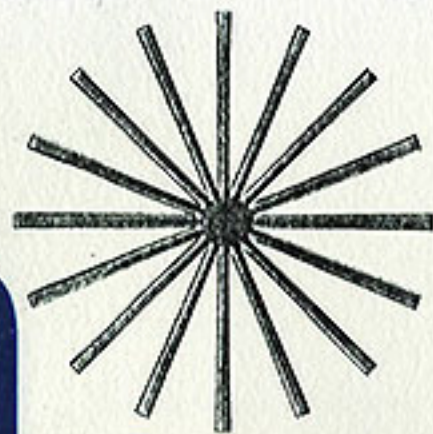

On July 21st 2005 I had

Mitral valve surgery at your wonderful hands. Not a day goes by that when I pray, you and your wonderful staff are in my prayers. It has been 10 years since my surgery. When I get a yearly physical, the doctors are amazed they can't hear a little leak in my valve. I tell them I had the best, Dr. David Adams.

My family & I will never forget how you made us feel. You were so confident, us we would be OK. Cent. →

10 Years THANK YOU!

SO much!

Dr. Weisenseel told us you are a Dad now. God Bless you and your family. I was truly blessed to have you as my surgeon. I'm sure many others would say the same. If Theresa is still there, say Hello and Hello to everyone. Thank you Dr. Adams. May God Bless you and your wonderful staff and your family. I will never forget you.
Sincerely,
Michael V Patient 7/21/05
